Soutenance Stage d'Application

Pierre Rouillard

xx/xx/xxxx

Allianz Trade - ENSAE

Test1

- ▶ Here to input your background
  - ▶ This is the sub-content
  - ▶ Here you can also jump to other slides ▶
- ▶ Now we go back to the main content

Here is the title of this slides

$Y = X'.\widetilde{\beta} + \widetilde{\varepsilon}$, $E[X\widetilde{\varepsilon}] = 0$ toujours définissable sous conditions de moments.

There you can also separate the page

Figure: Here I just using one caption for these 2 cute pictures but you can also using 2 captions
Data source: Rocky's daily look

Now I am going back to the previous slidesby clicking this: go back

Results

Table 1: Results..

	EQIP
X=1	100 000***
	(0.16)
Hiking control	Y
Food control	Y
Dog park control	Y
Num.Obs.	10

Merci!
